GT Capital's Response:

Recognizing the needs for continuing education and development of its employees, GT Capital's Human Administration Resources and Department identifies programs and allocates a budget that allows employees to acquire and enhance technical leadership and behavioral competencies. Both employees and Senior Management are likewise encouraged to attend programs which address any competency gaps and which expose them to the latest concepts, information and techniques in their respective field as well as to further build their competencies in preparation for higher responsibilities in the future. These training and development programs supplement the mentoring provided by each Department Head and the President to the officers of GT Capital.

In line with GT Capital's initiative to strengthen succession planning, officers, and employees were given developmental interventions in 2020 based on the results of their individual evaluations, which focused on closing their competency gaps and enhancing leadership skills.

2. Board ensures the proper and efficient implementation and monitoring of compliance with company internal policies.	Compliant	Indicate who are required to comply with the Code of Business Conduct and Ethics and any findings on noncompliance. GT Capital's Response: Directors, officers, and employees are required to comply with the various codes and policies issued by	
		the Corporation. Any amendments to the Corporation's Codes and Policies are approved by the Board. GT Capital's Human Resources and Administration Department, in coordination with the relevant heads of other departments, is tasked with implementing and ensuring	
		compliance with the provisions of the Code of Ethics as well as the policies and codes implementing the Code of Ethics. Its responsibilities include, among others, ensuring that the contents of the Code are	

communicated to all existing and new officers and employees. This is done by providing officers and employees with a copy of GT Capital's employee handbook, requiring each officer and employee to acknowledge in writing receipt of the same, and conducting an orientation annual on the Corporation's policies. Its activities also include investigating reported violations of the Code and, if necessary, imposing the appropriate disciplinary action. In addition, each department is audited by GT Capital's Internal Audit Department to further verify observance of the relevant policies.
